PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience building scalable applications, REST APIs, and automated testing solutions. Currently pursuing a Bachelor of Technology in Software Development at Southern Alberta Institute of Technology (SAIT) and seeking a Fall 2026 Software Development Co-op. Proficient in Node.js, TypeScript, JavaScript, React, Angular, PostgreSQL, MongoDB, Cypress, Docker, Git, and Agile/Scrum. Strong background in backend development, QA automation, performance testing, and collaborative software delivery.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, Node.js, Express.js, React, Angular, Next.js, Tailwind CSS, Python, FastAPI

Databases: PostgreSQL, MongoDB

Testing: Cypress, Grafana K6, BDD Testing, Zephyr Scale

Tools: Git, Docker, Azure DevOps

Methodologies: Agile, Scrum, REST APIs, Test Automation, Prompt Engineering

PROFESSIONAL EXPERIENCE

Software Developer – Biomedical Technical Engineering Services SARL

May 2024 – Apr 2025

- Developed scalable event and asset management web applications using Node.js, Express.js, JavaScript and TypeScript.
- Implemented automated end-to-end testing with Cypress and performance testing with Grafana K6.
- Created reusable Express.js boilerplates, test automation utilities and prompt templates to accelerate development.
- Served as Scrum Master, facilitating Agile ceremonies and coordinating cross-functional delivery.

Software Developer – IS Dev Experts

Nov 2023 – Apr 2024

- Developed microservice-based backend systems supporting real-time communication.
- Collaborated with development teams using Agile practices.

Node.js Developer – IDEALBOX (Remote)

Jun 2023 – Oct 2023

- Built backend services with Node.js and TypeScript.
- Integrated React-based application features.

Software Developer – SMARTCODE GROUP

Jul 2021 – May 2023

- Built REST APIs and full-stack web applications.
- Developed backend services and frontend features using JavaScript frameworks.
- Maintained and resolved bugs in client web applications, improving application stability and performance.

EDUCATION

- Bachelor of Technology in Software Development, SAIT (Jan 2026 – Present)
Seeking Fall 2026 Software Development Co-op
- Bachelor of Technology (Equivalent), Computer Software Engineering (2018 - 2021)
